Important:

- **Based on your color change selection, if a second coat is required a fee may apply, Pilot will notify homeowner. For additional information contact contractor for pricing (Pilot Painting and Construction at 714-229-5900/714-392-4865).**
- **Homeowners will be responsible to have the home inspected for wood damage and for repairs per CC&R's section 3.07 Exterior Maintenance and Repairs & section 4.1 of the Architectural Standards and Guidelines: all dry rot, termite and exterior repairs must be made prior to painting of the dwelling at Owner's expense. Note: an "Architectural Application for Exterior Modifications" must and submitted to the Architectural Committee for approval (reasoning: all work/repairs require documentation within the HOA management system).**

For your convenience, the companies listed below have performed work within Casta del Sol:

- Canyon Crest Construction – Al Chiurazzi @949-466-4678
- Bill Newsom – 949-315-9042
- The Bald Brothers – Bob Stieber @ 949-463-0269

Note: CdS does not recommend/endorse the above companies. However, these companies have performed work for fellow residents and may be able to provide you with references.

- **Owner shall provide, if necessary, water and electricity from existing facilities (for power washing).**
 - **As a preventative measure, homeowners should inspect all exterior electric outlets, to ensure they are protected by a GFCI unit, or have waterproof covering (if not, homeowners should ensure their exterior outlets are covered, to prevent water intrusion during the power washing).**

- **Per section, 4.1 of the Architectural Standards & Guidelines: Homeowner is responsible for the removal and movement of any item that obstructs the Association's painting of a dwelling.**

Thank you for your cooperation,
Casta del Sol HOA
